

# *Rep. Steve Hambley*

## PROTECTING CHILDREN

“My son was a passenger on a school bus that was involved in an accident. Because of a loophole in the law, his personal information (name, birthday, home address & phone number) was then made a public record and disseminated on a statewide

networked database. It was readily available to anyone! I approached Rep. Steve Hambley. He listened and acted to protect my son and other children.”

**William J Horton, parent, Highland School District**

***“We heard, we acted and with the help of Representative Darrell Kick, Senator Larry Obhof, and others, we changed the law.” Rep. Steve Hambley***

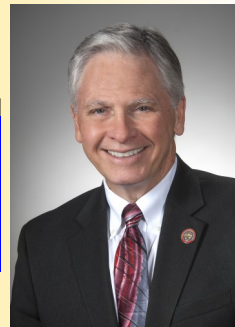

***FOR THE RECORD: Amended Sub. House Bill 8 (Hambley, Razebek)***  
Exempt school vehicle accident records of children from the Public Record Law. Passed Ohio House, Ohio Senate, signed by Governor and effective 9/28/2018.

***Elect Steve***
