

# *Rep. Steve Hambley*

## HELPING LOCAL SCHOOL DISTRICTS

“We were losing our share of state tax dollars to Community Schools for students misidentified as living in our district. Because the law didn’t require these schools to verify the residence of their students, we had to do all the work just to prove they weren’t our students and they didn’t live here. For example, because of this flaw, at one time we were paying for a computer in Montana and a student living in Cleveland.

Precious state revenues were being taken from us. We reached out to Rep Steve Hambley. He listened.”

**Jason O. Myers , President  
Cloverleaf Board of Education**

*“We heard, we acted and with the help of Representative Darrell Kick, Senator Larry Obhof, and others, we changed the law .” - Rep. Steve Hambley*

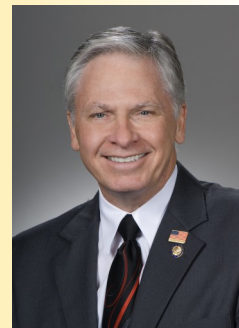

**FOR THE RECORD: House Bill 21 (Hambley).** Requires the governing authority of community schools to verify the resident school district of each student upon enrollment and on an annual basis. Effective 9/28/18.

*Elect* **Steve**
