

## **Hambley can be counted on to assist when help's needed**

I have had the pleasure of knowing county Commissioner Steve Hambley for a long time through his affiliation with the Republican Party. We have worked together on many campaigns over the years, and it is an honor to work with a true Republican like himself.

He certainly understands the problems that cities face because he was a councilman in Brunswick before moving up to become a county commissioner. Whenever I have questions or need help on the county level, I can always count on Hambley to assist me and point me in the right direction.

It is important that we continue to have good, strong leadership at the commissioner's office. That is why I urge all of my Republican friends to vote on March 6 to re-elect Steve Hambley as our Medina County commissioner.

Ron Falconi  
Brunswick

Falconi is an at-large councilman for Brunswick.
