OTHER IMPORTANT INFORMATION ABOUT THE SALES TAX ISSUE...

1. Proportional distribution of Sales Tax Revenues based on school enrollment.

As adopted by the Community Improvement Board on March 13, 2007, in order to assure a fair and equitable distribution to each of the school districts, the annual grants will be awarded proportional to the number students enrolled in that school district.

2. Long-term assured funding: Sales Tax Can Only be Repealed by the Voters –

The tax can only be repealed by a vote of the County Commissioners placing a repeal measure on the ballot before Medina County voters to stop collection.

3. Memorandum of Understanding to Repeal Tax if Conditions Change -

Given the 30-year term of the proposed sales and use tax, the County and the School Districts have a mutual understanding agreement that the County may place the question of the repeal of this sales and use tax to the electors in the event that Ohio laws are amended such that an Ohio school district becomes authorized to levy directly its own sales and use tax.
